Marine Enclosure Products

Piedmont Plastics® is proud to offer a one-stop shopping experience for all your semi-rigid and soft enclosure window needs. Let Piedmont be your first choice when quality, performance and reliability are a must.

AquaGlas®

Impact modified acrylic sheet manufactured specifically for the semi-rigid marine enclosure market.

AquaGlas® offers excellent clarity, dimensional stability and superior weathering performance for high-end enclosures.

Regalite®

Press polish optically clear vinyl sheet manufactured for the soft enclosure market for over 40 years.

Custom based compound formulated for maximum UV stability combined with the press polishing process to ensure optimized clarity. Applications where clarity and durability are critical performance characteristics.

Makrolon® AR

Impact resistant polycarbonate

sheet with a non-scratch, chemical resistant surface. The coating on both sides increases the durability, improves UV stability and minimizes clouding and yellowing. Another clear choice for the semi-rigid marine enclosure market.

O'Sea™

The O'Sea™ is our newest coating technology combined with the Regalite® sheets that have been provided to the marine industry for over 40 years. Formulated base compound for maximum UV stability and the press polishing process ensures optimized clarity. The O'Sea™ coating is specifically engineered to provide a superior scratch resistant barrier without compromising the hand or flexibility of the sheet. This unique chemistry also gives the O'Sea™ sheet exceptional chemical and stain resistance.

Ask about our full line of plastic cleaners, scratch removers, tapes and adhesives.

Piedmont Plastics® has your marine solutions. Complete all of your projects from block out panels to bulkheads with our line of substrates and accessories. Piedmont carries a comprehensive assortment of the best brands and breadth of products to service your plastic needs. With over 40 years of industry experience, Piedmont is a leading supplier of plastic sheet, rod, tube, and film throughout North America.
